"I have come that you may have life and have it to the full." (Jn. 10:10)

1. Introduction

The life and teachings of Jesus in the Gospel inspire Avila College's dedication to the care, safety and wellbeing of all children and young people.

Jesus' promise "I have come that you may have life and have it to the full" (John 10:10), underpins Avila College's fundamental responsibility for our students and the enactment of our vision, along with practical commitments that promote the love, justice and sanctity of each person.

Avila College is committed to:

- being a child-safe environment which has zero tolerance for child abuse;
- actively engaging; listening to and empowering all our students;
- open communication with our families and supporting them to promote the wellbeing and safety of their children;
- establishing child-safe relationships within our community;
- developing an organisational culture marked by collaborative, vigilant and proactive approaches across policies, procedures, curriculum and practices;
- supporting and developing all our employees in their roles to educate, care for and protect our students.

2. Purpose of the Policy

The purpose of this policy is to demonstrate the strong commitment of Avila College to the care, safety and wellbeing of all students at our school. It provides a framework of the policies, procedures and strategies developed to promote child protection, the creation of a child safe culture and to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the school.

This policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Victorian Child Safe Standards as set out in Ministerial Order No. 870. This policy applies to school employees, including teaching and non-teaching employees, volunteers, clergy, contractors and College Board members.

3. Principles

Catholic schools have a moral, legal and mission-driven responsibility to create nurturing school environments where children and young people are respected, their voices are heard and they are safe and feel safe (CECV Commitment Statement to Child Safety).

The following principles underpin our commitment to child safety at Avila College:

- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- The welfare of our students is our key priority.
- Avila College works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and protection. (e.g Parents and Friends Association and the College Board)
- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents/guardians/caregivers.
- All adults at Avila College, including teaching and non-teaching employees, parents, volunteers, clergy, contractors and College Board members, have a responsibility to care for children and young people, to positively promote their wellbeing and to protect them from any kind of harm or abuse.

- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults, children and young people.
- Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect and their privacy must be respected.
- Employees, volunteers, clergy, contractors, College Board members, parents and students should feel free to raise concerns about child safety, knowing these will be taken seriously by school leadership.
- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally or pastorally.

4. Relevant Legislation

- Children, Youth and Families Act 2005 (Vic.)
- Working with Children Act 2005 (Vic.)
- Education and Training Reform Act 2006 (Vic.)
- Equal Opportunity Act 2010 (Vic.)
- Privacy Act 1988 (Cth)
- Crimes Act 1958 (Vic.) – Three new criminal offences have been introduced under this Act:
 - **Failure to disclose offence:** Any adult who forms a reasonable belief that a sexual offence has been committed by an adult against a child under 16 has an obligation to report that information to police. Failure to disclose the information to police is a criminal offence.
 - **Failure to protect offence:** The offence will apply where there is a substantial risk that a child under the age of 16 under the care, supervision or authority of a relevant organisation will become a victim of a sexual offence committed by an adult associated with that organisation. A person in a position of authority in the organisation will commit the offence if they know of the risk of abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.
 - **Grooming offence:** This offence targets predatory conduct designed to facilitate later sexual activity with a child. Grooming can be conducted in person or online, for example via interaction through social media, web forums and emails.

5. Definitions used in this Policy

Child: A child or a young person enrolled as a student at the school and who is aged under 18 .

Child abuse includes:

- any act committed against a child involving:
 - i) a sexual offence
 - ii) an offence under section 49B(2) of the **Crimes Act 1958** (grooming)
- the infliction, on a child, of:
 - i) physical violence, which includes a child's exposure to family violence
 - ii) serious emotional or psychological harm
- serious neglect of a child. (Ministerial Order No. 870).

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse. (Ministerial Order No. 870)

Child neglect: The failure by a parent or caregiver to provide a child (where they are in a position to do so) with the conditions that are culturally accepted as being essential for their physical and emotional development and wellbeing. (Safe Schools Hub)

Child physical abuse: Generally, child physical abuse refers to the non-accidental use of physical force against a child that results in harm to the child. Physically abusive behaviours include shoving, hitting, slapping, shaking, throwing, punching, kicking, biting, burning, strangling and poisoning. The fabrication or induction of an illness by a parent or carer (previously known as Munchausen syndrome by proxy) is also considered physically abusive behaviour. (Safe Schools Hub)

Child protection: Statutory services designed to protect children who are at risk of serious harm. (Safe Schools Hub)

Child sexual abuse: Any sexual activity between a child under the age of consent (16) and an adult or older person (i.e. a person five or more years older than the victim) is child sexual abuse.

Child sexual abuse can also be:

- any sexual behaviour between a child and an adult in a position of power or authority over them (e.g. a teacher); the age of consent laws do not apply in such instances due to the strong imbalance of power that exists between young people and authority figures, as well as the breaching of both personal and public trust that occurs when professional boundaries are violated
- any sexual behaviour between a child and an adult family member, regardless of issues of consent, equality or coercion
- sexual activity between peers that is non-consensual or involves the use of power or coercion
- non-consensual sexual activity between minors (e.g. a 14-year-old and an 11-year-old), or any sexual behaviour between a child and another child or adolescent who, due to their age or stage of development, is in a position of power, trust or responsibility over the victim. Sexual activity between adolescents at a similar developmental level is not considered abuse. (Safe Schools Hub)

Direct Contact Contractors, Volunteers and Clergy

Direct Contact Contractors or Volunteers or Clergy are those people who have direct contact with students. Examples include assisting with school activities, excursions and camps.

Indirect Contact Contractors, Volunteers and Clergy

Indirect Contact Contractors, Volunteers or Clergy are those people who are involving in providing assistance but who are not responsible for supervising students eg assisting with school activities, social events, caterers, equipment providers.

Mandatory Reporting: The legal requirement to report suspected cases of child abuse and neglect for a young person aged under 17 is known as mandatory reporting. Mandated persons include teachers, nurses, police, psychologists, psychiatrists and medical practitioners. (Safe Schools Hub).

Reasonable Belief: When employees are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a 'reasonable belief'. A 'reasonable belief' or a 'belief on reasonable grounds' is not the same as having proof but is more than mere rumour or speculation. A 'reasonable belief' is formed if a reasonable person in the same position would have formed the belief on the same grounds.

Reasonable Grounds to notify may include:

- A student tells a teacher, counsellor, employee member that they have been physically or sexually abused
- Another person such as a friend or sibling of the student advises that the student has been abused
- Other observations made by employee or teachers
- Physical signs of abuse (bruising cuts etc).

School environment means any physical or virtual place made available or authorised by the school governing authority for use by a child during or outside school hours, including:

- a campus of the school
- online school environments (including email and intranet systems)
- other locations provided by the school for a child's use (including, without limitation, locations used for school camps, sporting events, excursions, competitions, and other events). (Ministerial Order No. 870)

School employee means an individual working in a school environment who is:

- directly engaged or employed by a school governing authority
- a volunteer, clergy or a contracted service provider (whether or not a body corporate or any other person is an intermediary)
- a minister of religion. (Ministerial Order No. 870)

The Deputy Principal Wellbeing will oversee the operationalising of the Child Safe Policies and procedures in consultation with the Pastoral Care Team (Director of Faith and Mission, Year Level Coordinators, Pathways Coordinator, Learning Support Coordinator and Counsellors).

Members of the Child Safe Team are the first point of contact for raising child protection concerns within the college. They are responsible for assisting in coordinating responses to child protection incidents and to support employees if they raise concerns. Initial concerns may be raised verbally however all concerns are required to be documented and lodged with the Deputy Principal Wellbeing using the Protect – Responding to Suspected Child Abuse form (Appendix 3)

Child Safe Standards will appear as an item on all College Board, Leadership and Pastoral Care meeting agendas to act as a reminder that ongoing dialogue and training is important to develop and maintain a child safety culture in order to provide a high level of care to our students.

8. Expectation of Avila College Employees – Child Safety Code of Conduct

At Avila College, we expect school employees, direct contact volunteers, clergy, direct contact contractors and College Board members to proactively ensure the safety of students at all times and to take appropriate action if there are concerns about the safety of any child at the school. All school employees must remain familiar with the relevant laws, the Code of Conduct, and policies and procedures in relation to child protection and to comply with all requirements. We have developed a Child Safety Code of Conduct (Appendix 1) which recognises the critical role that school employees play in protecting the students in our care and establishes clear expectations of school employees, direct contact volunteers, clergy, direct contact contractors and College Board members for appropriate behaviour with children in order to safeguard them against abuse and or neglect.

Our Code also protects school employees through clarification of acceptable and unacceptable behaviour.

9. Student Safety and Participation

At Avila College, we actively encourage all students to openly express their concerns and feel comfortable about giving voice to issues that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report on child safety. We listen to and act on any concerns students, or their parents or carers, raise with us.

At the core of student education is the College's Living and Values Program.

10. Reporting and Responding to Child Protection Concerns

Avila College records any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and stores the records in accordance with security and privacy requirements. Avila College complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.) and the recommendations of the *Betrayal of Trust* report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Avila College's **Child Protection – Mandatory Reporting Policy** (Appendix 2) sets out the actions required under the relevant legislation when there is a reasonable belief that a child at Avila College is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

We document, implement, monitor and periodically review our risk management strategies for child safety and ensure that the strategies change as needed and as new risks arise.

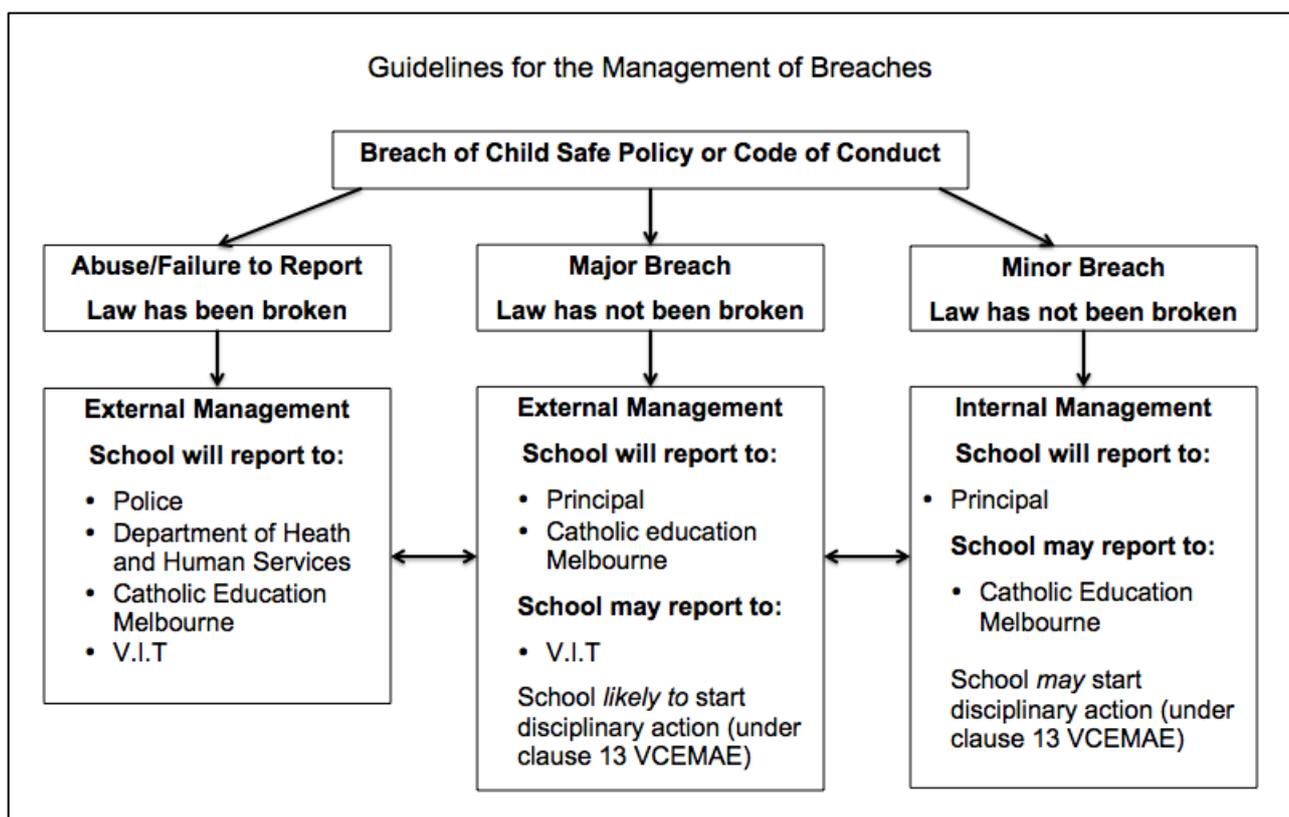

15. Breach of Policy

Where an **employee** is suspected of breaching any obligation, duty or responsibility within this Policy, Avila College may start the process under Clause 13 of the Victorian Catholic Education Multi Enterprise Agreement 2013 (VCMEA) for managing employment concerns. This may result in disciplinary consequences, however please note the following guidance:

Before formally reporting any observed or suspected breach, employees should have a conversation with the Deputy Principal of Wellbeing or the Principal. If the possible breach is by their supervisor, then the Principal is to be advised.

The College will consider several factors when assessing what action needs to be taken and each situation will be reviewed on a case by case basis. Factors for consideration could include:

- The seriousness/impact of the breach
- The likelihood of the breach being committed again
- Whether the breach has occurred previously
- The risk the breach causes to employees, students or other people, and
- Whether the breach would be serious to require formal disciplinary action.

Where the **principal** is suspected of breaching any obligation, duty or responsibility within this policy, the concerned party is advised to contact their parish priest or the canonical administrator. Relevant notification should also be made to Catholic Education Melbourne (Office of Professional Conduct, Ethics and Investigation).

If another member of the school community is suspected of breaching any obligation, duty or responsibility within this policy, the school is to take appropriate action in accordance with: Avila College Child Safety Procedure and/or contact Catholic Education Melbourne (Office of Professional Conduct, Ethics and Investigation).
