Dear members of the Avila community,

As the term draws to a close we give thanks for all the wonderful riches that have been part of our vibrant learning community throughout these past ten weeks. For the efforts and contributions made by students, staff, our Avila families and Alumnae, I thank you all. You assisted in the creation of the great environment for all. We have shared and witnessed many achievements during Term 2 that continue to mark our Golden Jubilee year.

I hope by now you have all seen a copy of our new publication Avila Connect that was sent home with all students last Friday. In this first edition you will read everything from Alumnae reports, to staff profiles, an article from the Chair of our College Board, Sally-Anne Petrie, future building developments, our Discovery Learning program as well as updates from our vibrant PFA. I would like to congratulate Annie Opray, Director of Marketing and Development, Editor as well as all writers, photographers, designers and proofreaders who contributed to this publication.

Community news:
Condolences and prayers are extended to Anne Graham (staff member) following the recent death of her mum.

Members of the Avila College community are invited to view the Annual Report to the School Community 2014, that has met all compliance requirements and can be found on the college website. I urge parents to organise a table or come along and join another table for the Golden Jubilee Gala Dinner at the Riversdale Golf Course on Friday 7 August. All the details for the event and booking information can be found on the College website.

Congratulations are extended to Marina Kelly (staff member) who most successfully completed the Professional Certificate in Modern Languages Education. Marina was awarded sponsorship from the Catholic Education Office in Melbourne to complete this course and she achieved some outstanding results in Grammar and Linguistics, related to the language area of Indonesian.

After 34 years of very dedicated and committed service to Avila College we bid farewell to Maria Nankervis. Maria has undertaken a range of roles during her time at the college and her knowledge of the developments and changes to the college over the time would be enough to fill numerous books. We thank Maria for her very loyal and devoted service to the college and wish her well in the next phase of her life. Furthermore I would like to thank Norm Phillips who has been our Business Manager for the past 26 years. His commitment and attention to the college finances have made him instrumental in budgeting for building programs as well as numerous capital works to improve the college grounds and facilities.

I extend an invitation to all parents to join us for our Term 3 College assembly on Friday 17 July commencing at 8.50am in the college hall. Please RSVP via avila@avilacollege.vic.edu.au by Wednesday, 8 July. Parents are welcome to stay for morning tea following this assembly. Members of the College Board will also be in attendance for this assembly as part of National Schools’ Board Week.

Wishing all members of the Avila College community a relaxing and enjoyable three-week break and we look forward to seeing everyone back recharged and refreshed on Monday 13 July.

With blessings to everyone in our Golden Jubilee Year,

Louise Gunther
Principal

ADMINISTRATION NEWS

Avila College is moving all student profiles, consent forms and letter distribution online at the start of Term 3. Therefore, we require all parents to create profiles on CareMonkey for their daughters.

If parents have yet to complete their daughter's profile, they are asked to do it as soon as possible. All parents should have received an email or text message asking them to create a profile.

Profiles are required for parents now to give consent to excursions, and to receive important letters and documentation from the College. We will cease printing excursion forms as of the end of Term 2.

If you have any difficulties setting up your daughter’s profile please contact the College IT Help desk. More information about CareMonkey can be found at www.caremonkey.com

LEARNING AND TEACHING NEWS

SchoolMate

Victoria’s Department of Education and Training has released SchoolMate, a new app that is designed to help parents become more engaged in their child’s education.

The app provides parents with a road map to help aid their child’s learning at home and at school. SchoolMate:

- shows parents what their children are learning in each subject, at each year level according to the Victorian curriculum (AusVELS)
- provides parents with tips for helping their child in the best way possible
- suggests apps, books, events and activities related to each subject area and year level.

SchoolMate was created by the Department with input from the VCAA and Victoria’s professional teaching associations including:

- Victorian Association for the Teaching of English
- School Sport Victoria
- Australian Council for Health, Physical Education and Recreation
- Geography Teachers’ Association of Victoria
- Science Teachers’ Association of Victoria
- History Teachers’ Association of Victoria
- Digital Learning and Teaching Victoria
- Mathematical Association of Victoria
- Art Education Victoria.

SchoolMate can be downloaded from the App Store or Google Play.

Semester Reports

Semester reports will be released to parents via the Parent Access Module (PAM) on Simon on Friday 19 June. Parents will be sent an email to alert them when reports have been finalized and uploaded. A “Report Guide” explaining the codes used on the reports is available from a link on Simon. Of course, students will also be able to access their semester reports from their personal profile page on Simon.

Any parent with queries about accessing reports via PAM may contact the College Help Desk via email support@avilacollege.vic.edu.au or phone 9831 9634. The IT Help Desk is open each school day and IT staff will be available to respond to technical queries in the first week of the mid-year school holidays (22 June -26 June 2015).
Subject Selection

The Curriculum Guide for 2016 will be available from both Simon and the College website from Thursday 18 June. All students in Years 8 to 11 and their parents are encouraged to use the school holidays to explore the vast array of choices on offer at Avila in 2016. You will find written information about the different subjects and where they lead, pictures of students undertaking various learning activities, plus videos with students talking about their experience in some subjects.

In the second week of Semester 2, there are some key events to assist with subject selection. The first of the formal information sessions will be at 7:30pm on Monday night 20 July for all current Year 8 students and their parents with the following evening (21 July) for Years 9, 10 and 11 students and parents.

During special year level assemblies on Tuesday 21 July Curriculum Leaders will outline to students the elective units available and some specific factors that need to be considered when selecting them. The Years 10 and 11 students will undertake a “Careers Day” to assist them with planning for the future. All the general information pertaining to the subject selection process will be conveyed only in the evening sessions; hence attendance is vital for all. The process and criteria for VCE acceleration will also be explained on these evenings. It is important that both parents and students are informed accurately about this to avoid future disappointment.

YEAR 12 BUSINESS MANAGEMENT EXCURSION

As part of Unit 3 of VCE Business Management, students explore the nature of operations management, that part of a business responsible for turning inputs into outputs.

Recently, both Unit 3 classes visited the Carlton & United Brewery in Abbotsford. CUB is one of the most iconic beer companies in Australia with a history dating back to 1824.

The girls had the operations process explained to them and then toured the facilities. They were able to ask questions about many aspects of CUB as a large-scale organisation, not only related to the operations process, but extending to issues of health and safety, care for the environment and the use of technology.

The information acquired on the day will be able to be used by the students throughout the rest of the Business Management course, including the November examination.

ROSTRUM VOICE OF YOUTH

On Thursday 23 April, 6 Avila girls represented Avila at Mount Scopus Memorial College for the Rostrum Public Speaking Competition. Ellie Kleins, Sarah Lambourne, Felicity D’Art, Abigail Dineen, Dinelle Hettiarachchi and I, each prepared a speech on topics ranging from “Rewind” to “Community Spirit”. Being the youngest and the only Year 7 participant from Avila, it was daunting. However as I got up to speak, I felt more confident and was able to present my speech well. Even though I did not get through to the semi-final, the adjudicator was able to provide me with some really helpful feedback. This has enabled me to improve my speaking skills and hopefully will assist me in doing better next time. It was a great experience and opportunity. Many thanks to Mrs Bunning who was a great help to us all. Congratulations to all the participants, especially Ellie Kleins, who made it to the finals!

LEARNING RESOURCE CENTRE COMPETITION

‘Design an Alternative Book Cover for Paper Towns by John Green’

This term’s competition was timely, as the movie of this book is due to be released in late June. The library received more than 25 examples of wonderful student creativity. The entries were original, inventive and many were so professional-looking that they would not be out of place on the shelves of bookstores.

It was a very difficult job to select the winners but with some voting from Book Club members, we narrowed the field down to 6 successful entrants and an Honorable Mention. As well as some great prizes; including movie tickets, copies of the book and chocolate, all students who entered gained 2 points for their house. Thanks to everyone for their contributions!

MAJOR PRIZE WINNERS
(pictured below top to bottom, left to right):
1ST PRIZE - Tamanna Kaul - Year 12 Gold
2ND PRIZE - Taylah Collins - Year 9 Purple
3RD PRIZE - Eva Von Struppi - Year 12 Pink
4TH PRIZE - Natalie Joss - Year 7 Green
5TH PRIZE - Alicia Roy - Year 7 Silver
6TH PRIZE - Georgia Dunne - Year 9 Pink
HIGHLY RECOMMENDED - Pavithra Sridhar -Year 7 Red

Scouts Highest Award

Michala Jean from Year 9 Silver was recently awarded an Australian Scouts Medallion, the highest award for Scouts in the 11 to 14 year age group. The presentation took place on May 9 in front of hundreds of people from across Victoria. In the audience were proud members of Michala's family including her parents and grandparents, all of whom have been involved in the scouting movement over many years.

Michala has enjoyed being involved with the Scouts since the age of 7. She has made great friends during that time and they have grown up together enjoying all the wonderful activities and events that the Scouts offer. The Australian Scouts Medallion acknowledges leadership, organisation, drive, determination, resilience and high level scouting knowledge- like camp craft and hiking. One of the tasks Michala completed for the award was to work with a team to organise a two-night hike for a group of scouts, which was very successful.

The Chief Commissioner of Scouts Victoria Brendan J Watson, OAM said, "We recognise Michala as a leader, now and in the future."

We congratulate Michala on this fantastic achievement and wish her well for the next stage of her scouting journey as a Venturer.

WELLBEING AND MENTAL HEALTH SUPPORT RESOURCES

The Counselling Team have developed a Wellbeing and Mental Health support resource, as part of the recent ‘Secret Life of Girls’ forum, held at Avila College. Many health experts are encouraging the use of appropriate phone apps, with their clients. At a recent conference, Michael Carr Gregg spoke about using apps as a tool to support therapeutic work in patients, and also to encourage people to take better care of themselves, using a device that most people already carry. The pages that follow are a selection of apps and programs both suggested by Michael Carr Gregg and also tried and tested by us.

The Counselling Team

Using Technology to Support Wellbeing

This Way Up - Social Phobia Course

This course consists of 6 online lessons based on the principles of Cognitive Behavioural Therapy (CBT), as well as homework activities, an online forum and phone/email contact with a clinician.

The BRAVE Program (Brave Self-Help)

The BRAVE Program is an interactive, online program for the prevention and treatment of childhood and adolescent anxiety. With the support of beyondblue, this program has recently been converted into an online self-help program that is freely available to people living in Australia.

MindShift

Struggling with anxiety? Tired of missing out? There are things you can do to stop anxiety and fear from controlling your life. MindShift is an app designed to help teens and young adults cope with anxiety.

Music eScape

Do happy songs annoy you when you’re feeling angry? Ever wondered why you feel depressed when you listen to dark music? Music can have a powerful effect on our mood. We use it daily whether we are happy, angry, bored or depressed. It gives us energy when we work out and it helps us wind down. Music eScape, powered by the Echo Nest, lets you:

• create a mood map of your music library
• develop dynamic playlists to match your music to your mood
• create or select a music journey to express, enhance or change your mood

With just the swipe of a finger you can draw a music journey from how you currently feel to how you want to feel. Or just make it fun – draw your own shape and see what it sounds like.

Worry Box—Anxiety Self-Help

Learn to manage worry and get relief from anxiety. Use the worry cognitive diary to help you cope with the worry. If it’s controllable, you can list the steps you can take to manage the worry.

Smiling Mind

Smiling Mind is meditation made easy. A simple tool that helps put a smile on your mind anytime, anywhere and everyday.

Smiling Mind is a unique web and App-based program developed by a team of psychologists with expertise in youth and adolescent therapy, Mindfulness Meditation and web-based wellness programs.

iCope

iCope has been developed by mental health nurses. It offers alternatives to deliberate self-harm. Practical easy steps to distract, displace and seek help, all at the touch of a button and with you at all times.
Talking Anxiety
Learn how to manage anxiety face-to-face from the experts – people who’ve ‘been there’ and discovered techniques that really work and complement medical therapy.

Deep Sleep with Andrew Johnson
This application is a guided meditation intended to help you overcome insomnia and get to sleep.

The Check-in app
This app is for anyone who wants to check in with a friend but is concerned about saying the wrong thing or making the situation worse. It includes links to where you can get support and tips.

Recharge - Move Well, Sleep Well, Be Well
Recharge is a personalised six-week program that helps improve your general health and wellbeing by focusing on four key areas.

The MoodGYM - CCBT for BPD Sufferers
The MoodGYM is a program designed to help with depression, although I believe that it could help with BPD as well, as it implements the cognitive behavior therapy (CBT) that is proven to reduce BPD symptoms.

Balanced
Balanced is an iPhone only application designed to motivate and support clients to achieve positive and healthy tasks, such as being grateful or exercising more.

Life Change
Life Charge is a simple journaling app, which allows clients to log events that happen throughout the day, and rate whether the event was positive or negative.

Stress Check
Stress Check is a stress management app, which offers optional stress management tools including Office Yoga videos and mindfulness meditation exercises

1 Giant Mind Learn to Meditate
The 1 Giant Mind Learn to Meditate app teaches clients how to meditate so that they feel calmer, more rested and present.

The Sorter
The Sorter is an app created by ReachOut.com, Australia’s leading online youth mental health service. ReachOut.com is a useful destination when clients are looking for accurate, up to date and reliable information, support and stories on everything from finding your motivation, through to getting through really tough times.

BellyBio Interactive Breathing
BellyBio Interactive Breathing is a free app that teaches a deep breathing technique useful in fighting anxiety and stress. A simple interface helps clients use biofeedback to monitor their breathing. Sounds cascade with the movements of their belly, in rhythms reminiscent of waves on a beach. Charts also let them know how they are doing. A great tool when clients need to slow down and breathe.

Depression CBT Self Help Guide
The natural management of depression involves understanding depression and the factors that contribute to the symptoms. Learning to manage stress in your life and engage in self-care behaviours can improve your symptoms and your mood. This app contains a depression severity test, audios, articles, a cognitive diary, and a motivational points system that help you learn how to do this.

Coach Me is an app for setting goals for fitness and wellbeing. Use it to set goals for personal development, track progress, and to get coaching and support. Clients can use it to find and set themselves goals for personal improvement, in areas like eating, exercise, mindfulness and wellbeing.
PFA REPORT
It is hard to believe that we are nearly at the end of a very busy Term 2. I know many families are looking forward a well-deserved, three-week break. I thank all parents who have attended and supported PFA events throughout this past term.

Golden Jubilee Gala Dinner
A few weeks after the semester break will be one of the highlight events for the Golden Jubilee Year hosted at the Riversdale Golf Club. Please book soon to ensure you do not miss out, as places are limited.

The PFA are helping to organise this wonderful evening of celebration.
I encourage all members of the Avila community to join us for this special night, as it is a great opportunity to reconnect or get to know other Avila parents.

The Gala Dinner will be held from 7pm on Friday 7 August and it will be a night of commemoration of the last 50 years of the college as well as fine food, company and entertainment. Tickets are $130 per person, which includes drinks, savories and a three-course dinner. DJ Phil Pitt will provide the entertainment on the evening.

Tables and individual tickets can be booked via the website www.avilacollege.vic.edu.au, News and Events, Bookings. Please provide your daughter’s year level when booking as we plan to sit parents with girls in the same year levels together.

The RSVP for the Gala Dinner is Thursday 3 July.

Aerobics
On Sunday June 7, three teams competed in our second aerobics competition in Geelong. Acceler8 and Fusion both competed in the wildcard round, hoping for a chance to compete again at state finals that afternoon. They both did amazingly well, and both placed 2nd, however, not making it through to the state finals in the afternoon. Fighting Furies and Roisin Selvarajoo competed in the state finals that afternoon, where Fighting Furies came 7th and Roisin placed 3rd in her singles routine. Congratulations and the best of luck to Roisin as she will be competing at Nationals in August.

Thank you to our amazing and dedicated coaches who, without fail, came to help us train twice a week in the morning, all semester. Without them, we would not have been able to succeed on Sunday. Words cannot describe our gratitude towards Miss King, Naomi Linossier and Madi Heyn. Once again, congratulations to everyone for your commitment and achievements this season.

Year 9 Careers Day

Tuesday 9 June Year 9 students actively engaged in a range of activities designed to assist them with their future subject selection, course and career planning. Miranda Koroknai and Natalie Tsatas (Year 12, 2014) kindly came to speak to the Year 9 girls about their senior school experiences. They both strongly advised that students should not choose their subjects based on their friends or the teacher but rather they should follow their interests and passions. The girls completed a Vocational Test to give them some guidance when exploring possible careers. They also used relevant websites to research an occupation of interest and had time to commence the production of a Resume and Cover Letter, which will be useful for those who may soon be applying for part-time work. Thank you to all staff and students involved in this important day.
