Avila College acknowledges the Wurundjeri people, the traditional custodians of the land on which the College is built. FROM THE PRINCIPAL

Dr Michelle Cotter Principal Exec. MBA, M.Ed. Leadership, M.Ed. RE, Post Grad. Dip. IT, Post Grad. Dip. Adult Ed., Grad. Dip. RE, B.Ed

This week as a Catholic and Presentation community we commenced our Lenten journey. The path we take for these next 40 days is personal and individual but it is also a communal unearthing of how our beliefs and shared values shape our choices.

We have a voice to echo the words of Christ in our community.

To stand for justice, to live for peace, to give hope and love to those who carry burdens and to be invested in almsgiving.

This Lent we can challenge ourselves to look within to reset our priorities and to make decisions that might at times be hard but ultimately are for good. We can look beyond our own immediate day to day lives and give so that others may flourish. Our students, led by our Faith and Mission leaders, have committed to raising awareness and funds for Caritas. I hope that we can all give to this cause in a way that shows our understanding of our relative privilege and the call of the Gospel to create a more fair world.

In Lent we move towards the seemingly impossible Resurrection, a time of justice and peace. We walk forward through the darkness in the sure and certain hope of the love of God and the salvation of the Risen Christ.

Happy Learning

**Dr Michelle Cotter** 

# A prayer for Lent.

God of all peoples and nations, you accompany us on our Lenten journey.

May we learn to walk your way of justice and compassion with all your people.

With Open Hearts and Open Hands we begin our Lenten journey keeping in mind the children, youth, women and men around the world who are most vulnerable to extreme poverty and injustice.

Bless our prayers, our fasting and our Lenten gifts to Project Compassion.

Through these actions, may our hearts be open to receive your grace as we work towards a just future for all your creation.

Amen

# **Our Lenten Journey**

Purple or violet is the colour used for Lent. Purple is associated with mourning and so anticipates the pain and suffering of the crucifixion; it symbolises repentance and penance.

The colour reminds us of the violet flower that bows its head and is a symbol of humility. Lent is the season of prayer, fasting and almsgiving. It is a quiet season of reflection. Violet is the ancient royal colour and therefore a symbol of the power of Christ; it celebrates Christ's resurrection and authority as well as sorrow and repentance from sin. The use of purple during Lent helps to evoke visually a mood of simplicity and reflectiveness.

# **Project Compassion Campaign**

This year our Project Compassion commitment is centred around our 2020 school theme, "Open Hearts, Open Hands". We pledge to commit ourselves to opening our hearts, to listening to the stories of the Project Compassion campaign and opening our hands to giving what we can to help those in need.

Avila College's Faith and Mission leaders have planned a number of activities designed to raise awareness and funds for the Project Compassion campaign.

# **Community Service**

### Bushfire Appeal

Avila students made a decision to raise money for the Bushfire Appeal. They baked a variety of sweet treats and sold them at lunchtime. The \$323.50 raised was donated to the St Vincent de Paul Fire Appeal. Teachers and staff from the Food Technology Department also packaged utensils and cooking equipment for the primary schools in Gippsland affected by fire so they can set up their kitchens.

# ECSI Survey

Avila College students and staff will be participating in the Enhancing Catholic School Identity survey conducted through Catholic Education Victoria.

Students will be completing the survey during class time. Parents also have the oportunity to share their feedback in the ECSI survey.

This will assist Avila College in better understanding how our Catholic identity is expressed and where the school community might like to see itself in the future.

# Year 12 Survival Tips

Undertaking your final year of secondary education can trigger a range of emotions — excitement, nervousness, stress, nostalgia, anxiety, sadness or just impatience to get out into the world.

Whether you're excited or are just hanging out for the end, The Good Universities Guide have provided some tips to help you get through Year 12. Below is a summary, however, the full article can be read here.

### Ask for help when you need it

If you're struggling with something — be it a certain topic in class or study in general — it's a good idea to talk to someone early, before stress starts to build up.

### **Stay organised**

Set aside time for each subject throughout the week, start assignments as early as you can, set yourself deadlines to complete work and make the most of free periods.

### Don't over-commit yourself

It's important to learn to say no to things when you really have no time to spare.

### Mix up your study routine

This will help you stay focused and productive and allow you to absorb as much information as you can.

### **Research your post-school options**

This can provide a nice break from studies, while also helping you to stay motivated by reminding you of the bigger picture.

### Stay calm, keep things in perspective

Year 12 is an important year but it will not dictate the rest of your life. There is always more than one pathway into a course or career.

# **Theatre Studies**

VCE Theatre Studies students are exploring the Theatre Style of the Comedy of Manners from the Pre-Modern Era.

The original text students have been examining is "The Importance of Being Earnest" and they have been applying the production role skill of designing costumes to key characters from the play.

Students have been tasked with applying recontextualised design styles from various eras such as the Steampunk, 1920's Flappers, and the 1950's to characters such as Lady Bracknell, Gwendolen and Miss Prism. They also have to adhere to a mock design brief that caters for the needs of "Heads of Departments" of other demanding production areas such as lighting, direction, and the all-important actors!

As a requirement of Outcome 3, students will be seeing the professional production of "The Importance of Being Earnest" at the Malthouse Theatre on Thursday 5 March.

# **Setting Goals for Year 12**

Year 12 can be stressful, but setting strong and healthy goals can help you thrive.

Year 12 presents students, families and teachers with many challenges. It can often also be the most rewarding time of a student's life.

As emerging adults, Year 12's are ready to take more charge than ever before of their day to day lives and of their own academic and general wellbeing.

One of the keys to this process is the ability to set realistic goals, work towards them, and to be flexible and pragmatic as challenges to those ideals present themselves.

Avila College works hard to equip students with the necessary tools for this process, both in the years leading into Year 12, and via the learning and teaching and Living and Values program throughout this final year. Our Year 12 students have already spent time establishing some short and long term goals, and in creating strategies to allow them to realise them.

However, we know that having goals is unhelpful unless some essential thinking and mindsets are undertaken:

- Avoiding negative self-talk. This includes seeing setbacks as opportunities to reset goals, rather than times to tell yourself you are not good enough.
- Comparing yourself to others can be demoralising and hide your own unique pathway.

12

- 3. If your goals are big, then breaking them into measurable, smaller steps is important.
- 4. Remembering not to invest everything in one goal.
- Ensuring you have goals for more than just academic pursuits. Thinking and planning for health, wellbeing and for relationships is essential for success now and into the future.

Our holistic program aims to equip our students for their own unique success this year, and to be empowered to move into the next exciting stage of their lives.

Together we help them establish powerful tools for self-regulation, building resourcefulness and resilience, healthy mindsets and the ability to face any issues, small and large, that they might encounter.

### **Parent Information Evenings**

What a wonderful opportunity the Parent Information Evenings offered our Avila community to build connections, deepen Home-School partnerships and learn about opportunities for student involvement in the life of the College.

Thank you to all the students who played an active role in the evening's program, including student leaders, musicians and other student representatives.

The "mini expo" held in the Gathering Space offered students a chance to showcase the diversity of opportunities available across a variety of interests, academic endeavours and cocurricular pursuits. It also provided the chance to connect with the broader community including Monash Youth and Family Services and other families.

The presentations from the Homeroom sessions are now available for download from PAM.

"We are gifted with the opportunity to have a voice at Avila and inspire each other to come up with ideas."

Delani David, Wellbeing Captain

"I felt that I really got a chance to better understand my responsibilities as a leader and voice my ideas and opinions."

# Student Leadership Seminar

Congratulations to the student leaders who came together to reflect on the things they value, appreciate and celebrate about their school. Using the Appreciative Inquiry Model they considered how they could make a great school even better.

Inspired by guest speaker Gemma Di Bari, Year 10 Leader Elizabeth Dinh and the 2020 College theme "Open Hearts, Open Hands" together with the Presentation Values of Faith, Compassion, and Justice, representatives from each portfolio area presented their shared vision for the year.

"As a leader, I was able to begin to feel recognisably more confident in my position and loved to start working with others in my portfolio.

I felt empowered as an Avila girl, and as a woman, as everyone encouraged and supported each other so much."

Amy Dickson, Y8 Public Speaking and Debating Captain

"We are fortunate enough to have the opportunity to present ideas about how Avila can become a better place for girls to learn.

Avila continues to promote women in leadership and this seminar has inspired us to become more resilient women."

### Elizabeth Dinh,

Y10 Public Speaking and Debating Captain

"As a leader, I found it an amazing opportunity to get to meet the other leaders at Avila.

It was also really nice to learn about the different acts of being compassionate as now I know that action speaks louder than words."

Grace Rogers, Y8 MacKillop Captain

"Avila continues to encourage us to use our voice to better the world in some way, little or big. We are exceptionally grateful to have this opportunity as a way of inspiring us to become strong, compassionate young women."

Shenalie Fernando, Y10 Faith and Mission Captain

"For me having our guest speaker Ms Di Bari was the highlight of the seminar because she inspired and reminded us all about what it truly means to be a leader; that we must serve others at every opportunity." Beatrice van Rest, Sustainability Vice Captain

"I really enjoyed sharing and hearing all the ideas from other students and it was great to see compassionate, young and confident leaders of the school." Natalie Khoo, Y11 Art Captain

# Lions Youth of the Year

This is a special competition that not only judges students on their ability as Public Speakers, but also their ability as leaders and their commitment to community.

### Alicia Roy

(College Co-Captain) and Grace Giuliano (Faith and Mission Captain) competed in the competition this year.

They were required to be interviewed for 30 minutes each by a panel of three judges and then present two impromptu speeches and a prepared speech to an audience of Lions members.

Both girls showed the gifts that have allowed them to be chosen as leaders of Avila this year.

On the day, Alicia was chosen as the winner and is now the Lions Youth of the Year for Waverley.

Alicia moves onto the Zone Final in March. We wish her well.

Thank you to Sandy Blight of the Lions Club of Waverley for the photographs

### ANNOUNCING Wicked the Musical

Avila College and Mazenod College are excited to announce this year's annual musical production will be the Broadway smash hit Wicked.

A fictional sequel to The Wonderful Wizard of Oz, Wicked is told from the viewpoint of the two witches – Elphaba, the Wicked Witch of the West and Glinda the Good Witch. Wicked is one of the most successful stage musicals of all time.

Performance dates are Thursday 16th, Friday 17th and Saturday 18th July at 7:00pm, plus a 1:30pm matinee on Saturday 18th July at The Besen Centre, Burwood. (Tickets are not yet on sale).

### New Avila College Student ID Cards

All students were issued with new PTV (Public Transport Victoria) approved Avila College I.D. cards this week.

These cards replace students' existing I.D. cards and can be used for book-borrowing, printing and photocopying at school, as well as for identification purposes. The new cards eliminate the need to pay \$9 annually to obtain a PTV Student I.D. Card. Instead, students can now use their Avila student I.D. to verify their use of a concession MYKI on public transport.

The new I.D. cards will expire on February 28 of the year after students complete Year 12.

### On the Stage

Congratulations to Year 11 student Natalie Khoo who was selected as one of the 40 performers for Amazing Grace New York New York, Manila Street Production at the National Theatre in January 2020.

### On the Court

### **Enhancing Catholic School Identity**

General instructions for survey completion for parents

**Thank you very much** for making time to participate in the Enhancing Catholic School Identity project. The purpose of this survey research is to gain meaningful insights into how your son or daughter's school views its Catholic identity today and how such identity might be shaped for tomorrow.

Everyone's input is important.

The survey period is open **from Monday 17 February 2020 to Friday 27 March 2020** and your participation should take about **55 minutes.** It's best to finish the survey in one shot, without having to come back later.

Your responses are anonymous and your personal data is treated confidentially in accordance with ethical and legal guidelines.

Only you will be able to view your individual results and this can be done once you've completed the questionnaires.

Keep these best practices in mind:

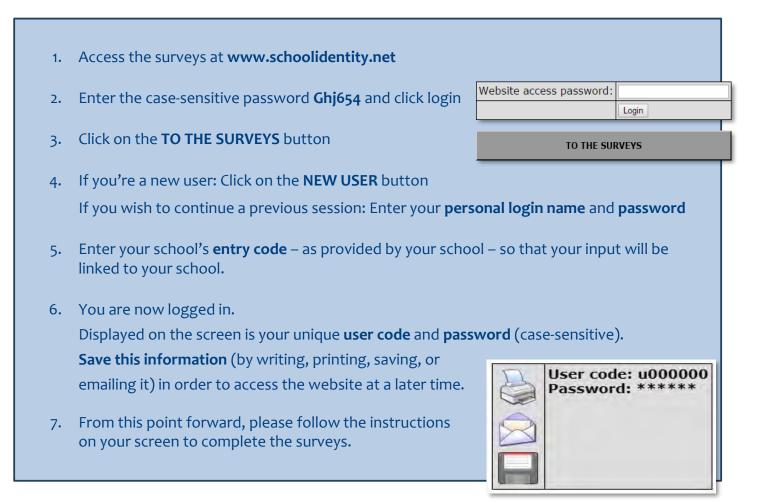

- ✓ Answer spontaneously and don't overanalyse. Your input is more valuable if you respond with the first thought that comes to mind. Plus, you'll proceed faster.
- ✓ Choose the response that honestly matches your opinion. Don't hesitate to select "strongly agree" or "strongly disagree" if that's in fact how you feel.
- Respond as best you can to each question as it is worded. You may feel that some questions don't fully apply to your school environment. That's OK; just respond as best you can.

It's also helpful to keep in mind:

- ✓ Many questions ask you for two perspectives:
  - "My son/daughter's school" as you actually see things today
  - "My ideal school" as you would like to see things in the best future scenario
- ✓ Some questions might seem repetitive; but they're actually not. There's a scientific purpose behind the ways in which the questions are formulated. Every question counts.
- ✓ Trust that the survey as a whole will accurately capture your personal point of view. Even if you struggle to respond to some individual questions, it's important to complete the entire survey.

Please see the reverse side for login instructions. Your input matters. Thank you.

### LOGIN INSTRUCTIONS

### SURVEY PROGRESS

- The survey begins with some general demographic questions.
- The survey proceeds in several parts. Please finish one part before proceeding to the next one.
- You can view your results at any time by returning to the main questionnaire page.
- You can return at any time to a question and change your response.
- If you wish to pause and finish the survey at a later time, please **save your user code and password** (case-sensitive) in order to re-access the website.

Please see the reverse side for general instructions. Your input matters. Thank you.
